Contents

1	The Potential Outcome Framework	1
2	Flow of Associations and Causal Graphs	2
3	Causal Models	3
4	Structural Causal Models	4
5	Randomized Experiments	5
6	Nonparametric Identification	6
7	Estimation	7
8	Unobserved Confounding	8
9	Instrumental Variables	9
10	Causal Discovery from Observational Data	10
11	Transfer Learning and Transportability	11
12	Counterfactuals	12

Chapter 1

The Potential Outcome Framework

Chapter 2

Flow of Associations and Causal Graphs

Chapter 3

Causal Models

Chapter 4

Structural Causal Models

Chapter 5

Randomized Experiments

Chapter 6

Nonparametric Identification

Chapter 7

Estimation

Chapter 8

Unobserved Confounding

Chapter 9

Instrumental Variables

Chapter 10

Causal Discovery from Observational Data

Chapter 11

Transfer Learning and Transportability

Chapter 12

Counterfactuals
